ASSESSING CULTURALLY & LINGUISTICALLY DIVERSE STUDENTS

Discuss the conceptual framework for creating assessments to meet the needs of all students, especially those students from culturally and linguistically diverse backgrounds.

This course gives faculty the tools they need to create effective assessments. This allows students to apply classroom content to real-life problems and take responsibility for reflecting on the material and their own progress.

The logo for DEEP (Developing Excellence in Eastern's Professors) features the letters 'D', 'E', 'E', and 'P' in a large, bold, maroon font.
